Najbolj znane instrumentalne ansamble v renesančni Evropi so sestavljeni pihalci in trobilci iz nemško govorečih dežel.

Igrali so z mestnih stolpov in nastopali na javnih slavnostih, porokah in prazničnih bogoslužjih. Vseskozi so

improvizirali, komponirali in spremišnjali obstoječe skladbe.

The best-known instrumental ensembles in renaissance Europe were composed of wind and brass players from German speaking lands. They performed from city towers, at public festivities, weddings and in church, constantly improvising, composing and transforming the existing works.

Vikingi so ustvarili nekatere izmed najbolj junaških in kompleksnih pesnitve svojega časa. Znana skandinavska specialista za srednjeveško glasbo rekonstruirata njihov zvočni svet na podlagi ohranjene skaldske poezije, tradicionalnih melodij iz Islandije, Švedske, Norveške in Danske pa tudi glasbil, ki so jih bodisi našli arheologi ali jih poznamo iz opisov in z upodobitev.

Viking skalds created some of the most heroic and complex poetry of the time. Two well-known Scandinavian specialists for medieval music reconstruct their sound world on the basis of extant scaldic poetry, traditional tunes from Iceland, Sweden, Norway and Denmark as well as musical instruments that have been found by archeologists or are known from depictions and the poems themselves.

Po prvih sodobnih izvedbah
poznorenešančne glasbe iz kornih
knjig ljubljanskega knezoškofa
Tomaža Hrena na lanskem
festivalu je letos na vrsti maša

cesarskega kapelnika Jeana
Guyota de Châtelet (1512–1588)
in druge skladbe iz starejšega
dela Hrenove zbirke. The Brabant
Ensemble se že dvajset let

posveča manj znani frankoflamski
polifoniji iz sredine 16. stoletja.

*Following last year's first modern
performances of late renaissance
music from the choirbooks
formerly owned by Prince-Bishop
of Ljubljana Tomaž Hren, the
festival now presents a mass by
the Imperial Kapellmeister Jean
Guyot de Châtelet (1512–1588)
and other works from the earlier
part of Hren's collection. Since
its founding twenty years ago,
The Brabant Ensemble has
specialised in lesser-known
Franco-Flemish polyphony of the
mid-sixteenth century.*

KLAVIRSKA VIRTUOZA V LJUBLJANI 18. STOLETJA / PIANO VIRTUOSOS IN EIGHTEENTH-CENTURY LJUBLJANA

Mikayel Balyan zgodovinski klavir / fortepiano

Spored / Programme: František Josef Benedikt Dusík, Francesco Pollini,
Wolfgang Amadeus Mozart, Johann Nepomuk Hummel

Mikayel Balyan izvaja sonate, fantazije in variacije Mozarta, njegovega učenca Hummla in njunih sodobnikov, ki sta tesno povezana s Slovenijo. Francesco Pollini se je rodil leta 1762 v Ljubljani in tam preživel prvi dve desetletji življenja. Zanj je komponiral sam Mozart in Vincenzo Bellini mu je posvetil opero *Mesečnica*. Štiri leta mlajši František Josef Benedikt Dusík se je na koncu stoletja zaposlil v ljubljanski stolnici in postal eden vodilnih članov Filharmonične družbe.

1762 and lived there for twenty years. He is the dedicatee of two works by Mozart and of Bellini's La sonnambula. Four years his junior, František Josef Benedikt

Dusík was employed at Ljubljana cathedral and at the turn of the century became a leading member of the Philharmonic Society.

JOHANN SEBASTIAN BACH: CLAVIER-ÜBUNG III NEMŠKA ORGELSKA MAŠA / GERMAN ORGAN MASS

James Johnstone orgle / organ

Tretji del zbirke *Clavier-Übung* je po *Umetnosti fuge, Glasbeni daritvi* in čembalskih partitah že četrta Bachova zbirka, ki jo v zadnjih letih lahko slišimo na festivalu. Bach jo je objavil leta 1739 in se v njej posvetil predvsem koralnim preludijem. Bila je njegova prva publikacija za orgle, sijajna demonstracija kompozicijske spretnosti, prezeta s simboliko troedinosti.

The third instalment of the Clavier-Übung series is part of an ongoing series of Bach's published collections performed at the festival, following The Art of Fugue, the Musical Offering and the six harpsichord partitas.

Published in 1739, it is devoted mainly to chorale preludes and is a powerful demonstration of Bach's skill in composition, replete with Trinitarian symbolism.

James Johnstone bo vodil tečaj za orgle in čembalo v sklopu Dnevov baročne glasbe Velesovo, ki bodo med 11. in 14. avgustom. Za podrobnosti in prijave obiščite našo spletno stran.

James Johnstone will be giving an organ and harpsichord course as part of the Days of Baroque Music Velesovo, taking place from 11 to 14 August. For details and registration please visit our website.

IZ SREDNJEVEŠKE ZBIRKE CARMINA BURANA / **FROM THE MEDIEVAL CARMINA BURANA**

ENSEMBLE CANDENS LILIJUM

Sabine Lutzenberger glas / voice

Albrecht Maurer fidula, rebek / medieval fiddle, rebec

Norbert Rodenkirchen srednjeveške prečne flavte, harfa, glasbeno vodstvo /
medieval flute, harp, direction

Trio Candens Lilium predstavlja srednjeveške pesmi *Carmina Burana* v novi luči, daleč od slavne uglasbitve Carla Orffa. Norbert Rodenkirchen je rekonstruiral melodije na podlagi drugih virov z istimi besedili, verze je povezal z ustreznimi spevi in proučil notacijo v izvirnem rokopisu. Slišali bomo manj znane pesmi, ki izražajo mladostniški upor proti skoposti in korupciji, pa tudi erotično obarvano pomladno poezijo.

Candens Lilium presents the medieval Carmina Burana in a new light, far removed from Carl Orff's famous setting. Basing his reconstruction on other sources containing

the same texts, Norbert Rodenkirchen has connected the poetic metres and the corresponding melodies and has studied the notation of the

original manuscript. The focus will be on lesser-known songs expressing juvenile rebellion against avarice and corruption, as well as erotic spring poetry.

Schubert je dokončal svoj godalni kvintet z dvema violončeloma leta 1828, dva meseca pred smrtno. Skladba velja za njegovo najboljše komorno delo in eno največjih mojstrovin komorne glasbe naspoloh. Na zgodovinskih glasbilih s črevnatimi strunami bomo slišali tudi kvintet Luigija Boccherinija in njegovo priljubljeno Nočno glasbo z ulic Madrida.

Schubert finished his string quintet with two cellos in 1828, two months before his death. The composition is regarded as his finest chamber work and one of the greatest masterpieces in all chamber music. It will be performed on historical instruments with gut strings, along with quintets by Luigi Boccherini, including the popular Night Music from the Streets of Madrid.

Spored / Programme: Isaac Posch, Paul Peuerl, Johann Thesselius, Cesare Negri, Johann Hermann Schein

Isaac Posch je zadnja leta preživel na Kranjskem. V letih 1618 in 1621 je objavil zbirki skladb za godalni ansambel in ju posvetil koroškim in kranjskim deželnim stanovom. Namenil ju je igranju med slavnostnimi obredi in ob drugih družabnih priložnostih ter poudaril, da so nekateri stavki primerni za ples. Opozoril je tudi na nenavadne kompozicijske prijeme, kot so disonančna prečja in ekspresivni kromatični postopki.

Isaac Posch spent the last years of his life in an area that today forms part of Slovenia, dedicating his collections of

instrumental ensemble dances to Carinthian and Carniolan provincial estates. He describes his music as suitable for banquets and other social

gatherings, as well as for dancing, and touches on some less common compositional devices such as false relations and expressive cromaticism.
